

Covid-19 Secure Policy

In accordance with Government guidelines, we are enacting changes to how we operate within the studio in order to maintain the safety of our clients and engineers.

Risk of Infection

If a client has had any symptoms of Covid-19 within 2 weeks of a booking, the session can not go ahead & must be postponed.

Track and Trace

We require all clients attending the session to submit contact details for Government Track & Trace in case this is required. All data will be stored in accordance with GDPR and securely disposed of after 21 days.

Travel

We ask that you please follow the government advice on travel and only use public transport as a last resort. There is an ample sized car park at the studio to maintain social distancing upon arrival.

Social Distancing

In order to limit contact & help maintain social distancing we are applying a maximum capacity to each room in the studio.

- The control room is limited to 5 people including the engineer.
- The live room is limited to 6 people.
- The vocal booth is limited to 1 person.

While using the communal facilities, (kitchen & bathroom), please continue to maintain social distancing. We have a spacious lounge area available to use when clients are not tracking where social distancing can be maintained.

Face Coverings

Where it is not possible to maintain a distance of 1m to 2m, we ask that clients wear a face mask or covering.

Hygiene

Hand sanitiser is available at various points around the studio; please make use of this whenever entering or leaving the studio.

Please make sure to wash your hands before & after consuming any food. Take care to only prepare your own food & drinks, do not accept food or drink handled or prepared by anyone else.

Whilst in the studio please limit contact with any unnecessary equipment. This includes microphones, stands and cables. Do not share instruments if it is not necessary. You may be provided headphones for the session; make sure to only handle your own & not others.

The studio is full of instruments available for your use, however please ask before handling any of them. The engineer will need to keep track of every instrument used so they can be sanitised at the end of the session.

If you are a vocalist & you have access to your own pop shield please bring it to the session.

Door handles, work surfaces, the computer mouse & keyboard, outboard & the mixing console will be sanitised daily. Any other equipment used, instruments, microphones, pop shields, amps, etc, will be sanitised after every session in which they are used.

Cancellation

There is no penalty for postponing a session due to concerns over symptoms or other concerns due to the Coronavirus however our cancellation policy still stands.
